VOLUNTEER WITH SIDE BY SIDE

Side by Side is our fun, friendly, super-flexible volunteering opportunity for someone like you to help someone with dementia. Just because a person is diagnosed with dementia, it doesn't mean they stop wanting to take part in their favorite activities. Our Side by Side service helps people with dementia to keep on doing the things they love and try new things – from going to the football to catching the latest movie – so they can continue to lead an independent life.

If you are interested in volunteering with us or require any further information, please give us a call on **01670 813255** or by email volsnorthumberland@alzheimers.org.uk

BEETLE DRIVE Once again we had excellent attendance at the Beetle Drive with some youngsters enjoying the night as well. This helped to raise £200 after expenses and will go towards Norham in Bloom. Thank you also to those who were unable to attend but gave donations in lieu of a ticket.

NORTHUMBRIA IN BLOOM Plans for this are well underway. We have already had a visit from the judges who were very helpful and gave sound advice. One sensible bit was that we should not aim for gold the first year! Thank goodness because we are all learning. It's a new experience for everyone in the "Bloom" group. The route the judges will take is along Castle Street and West Street and will include the school. The group will be responsible for floral displays along the streets but the judges did say, "**The nature of the village makes it a little harder for you to show us residential gardens but the use of tubs and planters outside properties will be credited – the more the merrier!**" Please don't feel left out if your property is not on the route this year. We have to build up slowly. Floral displays are an important part of the marks but community involvement is also marked. Judging will take place 10th. July at 2pm.

In appreciation of the work being done some residents have donated generously to the plant fund. Thank you so much.
